Becky	Message from Chair	Becky told the story of a recent tragic accident where a father and physician was first onsite to an accident where a twin was killed and the other not wanting to leave her sister behind. The father and physician stayed with this young girl knowing that the car could explode at any moment. The father and surviving twin were able to escape the tangled car, leaving behind the deceased twin sister and a finger that was severed from the surviving twins hand. The car exploded, but miraculously, a finger from the deceased twin was recovered and attached to the surviving girl's hand. The father of 5 children was willing to risk his life to stay with this young girl and help her through this traumatic experience. What can we do to care and help serve our neighbors and friends? We are surrounded by GOOD people!

It's a big deal for the city. Mike is getting feedback that the council is not moving on this project quick enough. This initiative	

		<p>needs to be a TOP PRIORITY going forward and it needs to be done right as to not embarrass the city. We need to get the right people, in the right place to have the right discussion to get this moving forward and in a timely manner. NEXT STEPS:</p> <ol style="list-style-type: none"> 1. Set up meeting to discuss details of project and answer questions. Meeting is set for January 4th 6:00pm. 2. Look into submissions. Come up with a plan to hire artists? 3.
